

How to Receive Support from B8 of Hope

Who is Eligible for B8 of Hope's Support

B8 of Hope extends its support to Israeli and/or Palestinian grassroots and civil society initiatives that cultivate the essential prerequisites for a sustainable peace and a better future, rooted in principles of equal rights, dignity, inclusivity, safety, and self-determination for all.

Our beneficiaries comprise Israeli and/or Palestinian grassroots and civil society initiatives that address at least one of the following obstacles to peace:

- Cross-border divisions
- Internal/national/societal divisions within each border and their respective Israeli and Palestinian societies
- Insufficient access to basic needs and acceptable living conditions

Our beneficiaries adopt diverse approaches and strategies, including:

- Community Building
- Bridge-Building
- Education and Leadership
- Public Awareness Campaigns
- Health Initiatives
- Youth-Centric Initiatives
- Women-Centric Initiatives

These approaches leverage:

- Dialogue and Storytelling
- Various Educational Activities
- Music
- Technology and Entrepreneurship
- Humanitarian Endeavors

Our beneficiaries firmly reject all forms of violence, working diligently to cultivate empathy and challenge perspectives and narratives within their target audiences. They forge connections with peers and opt for collaborative projects to amplify their impact and conserve resources.

Our beneficiaries achieve tangible outcomes by combining meaningful objectives with feasible projects, encompassing ideas in their infancy to well-established initiatives. The initiatives must generate measurable impact that can be documented and reported back to us.

Nature of Our Association's Support

Our support encompasses the provision of visibility, networking opportunities, capacity building, and/or funding.

- **Visibility and Networking Opportunities:** Facilitated through B8 of Hope events.
- **Capacity Building:** Conducted in partnership with the Amal-Tikva organization located in Jerusalem.
- **Funding:** Allocated for individual projects and initiatives, as well as collaborative synergy lab projects.

How to Approach Us

B8 of Hope allocates grants exclusively through invitation-only calls for applications. Our representatives frequently travel to Israel and the Palestinian Authority Territories in the West Bank to explore and identify initiatives of interest. We believe in firsthand experience, observing activities and project implementation on-site to determine our support strategy.
